The Bourke’s Luck Potholes mark the beginning of the canyon and comprise intriguing geological formations at the confluence of the Blyde and Treur

rivers. The canyon itself is 3rd largest in the world, covered in lush sub-tropical vegetation with an average depth of 750 metres and 25 kilometres in length. It consists mostly of red sandstone and has some of the deepest precipitous cliffs of any canyon on the planet.

- Dinner: Hippo Hollow Country Estate
- Overnight: Hippo Hollow Country Estate (Standard Room - Dinner, Bed and Breakfast)

## **D2 10/10/22 Monday: Kruger - Karongwe (139 km)**

### **4x4 Game Drive Half Day (Private) • 4X4 Afternoon Game Drive**

- Breakfast
- Private tour: half day 4x4 game drive in the Kruger Park. This national reserve is one of the most popular in southern Africa and sees more than 1 million visitors every year. Its massive size equals that of a small country and it is home to an enormous variety of creatures great and small, with healthy populations of all the Big Five. The largest resident in the reserve is the African elephant, with some with the longest tusks you will see in South Africa. The dwarf butterfly is one of the smallest species and with a wing span of only half an inch it is the smallest butterfly in the world. The Kruger Park also safeguards the world's largest population of rhinos and supports around 2 000 lions, representing one of the largest populations in Africa. Primarily nocturnal leopards are found throughout the reserve and although they are essentially ground dwelling, they do readily climb trees to escape danger and store their kills safely out of reach of other predators, so don't forget to scan the trees. Buffalo numbers exceed 20 000 and won't be difficult to spot. Your safari will include a stop at one of the rest camps in the reserve where you will have a chance to stretch your legs and refresh, before continuing your search for African wildlife. Return to your hotel around noon.
- Arrival in Karongwe Private Game Reserve. Deep within the naturally scenic province of Limpopo and just 40 minutes east of the Kruger National Park, the Karongwe Private Game Reserve and its exceptional lodges are set within a wild and whimsical landscape. The lush countryside is dotted by small hills and an enormous variety of trees, creating the perfect scene for photography enthusiasts looking to capture quintessential African images. All the major mammal species are present in the reserve with regular sightings of giraffe, wildebeest, rhino and zebra, while at night nocturnal animals such as armadillo, bush baby, genet and porcupine emerge

*from the shadows to graze. Evenings are lit by thousands of stars, and dramatic sunsets end exciting days, giving you a glimpse into the soul of Africa. (Activities included in your package as per program below.)*

None of these tips are mandatory, and the amounts shown here are only an indication of what is normally expected by the country's professionals.
